

5.56x45 mm & 7.62x39 mm ARSENAL Assault Rifles **AR-M14F** w/ right-side folding stock (16.3" barrel)

5.56x45 mm AR-M14F
NSN: 1005-50-001-4411

7.62x39 mm AR-M14F
NSN: 1005-50-001-4412

The 5.56x45 mm and 7.62x39 mm **AR-M14F** models are highly effective, milled receiver, select fire weapons with a right-side folding tubular stock and ambidextrous safety. The stock folding to the right permits any rail mounted optic to remain on the weapon when folded, not an option for left side folding models. The ambidextrous safety also allows manipulation of the safety even when the stock is in the folded position. This model in 7.62x39 is has a custom build for the DOS with QD package.

Main Features:

- Milled receiver, made from hot die forged solid blank followed by milling operations.
- Chrome lined, cold hammer forged barrel providing an extremely durable and long lasting barrel that also allows for use of corrosive and surplus ammunition if needed
- Circle 10 magazines – the best, strongest, and most reliable AK magazine available
- Lower hand guard, Upper hand guard, and Pistol grip, made from glass fiber reinforced polycapromamide.
- Lower hand guard, equipped with Rails MIL-STD 1913 (Picatinny) on three sides (at the 3, 6 and 9 o'clock positions).
- Upper hand guard, equipped with one Picatinny rail (at the 12 o'clock position).
- Tritium Self-illuminated Night Sight (3-dot sight system) - extra, used for quick target acquisition at low-light conditions.
- Metal right-side folding stock.
- Rail on the receiver for attaching optic mounts
- Additional left fire mode Selector Lever, for rapid fire mode changing and for convenience of left-handed shooters.

Extras (Paid Separately):

- 7.62x39 models - black polymer magazines for 10 and 40 cartridges;
- 5.56x45 models – 20 round magazines optional
- Magazine packages (multiple mags per rifle – can be customized)
- Front Sight Elevation tool 1:10;
- set for magazines coupling;
- Muzzle device (compensator, flash hider, muzzle brake);
- blank fire attachment (BFA);
- rail mount for optics (model specific SM-13/SM-22)
- Railed handguards for accessory attachments (forward grip, flashlights, QD sling, etc.);
- QD Package – allows use of QD ports and attachments for modern QD slings;
- Repair Kit packages available

The Assault Rifle design allows the attachment of 40x46mm ARSENAL UBGL-M6 and UBGL-M8, 40mm ARSENAL UBGL or GP-25 KASTYOR Underbarrel Grenade Launchers, and firing with them.
