

7.62x39 mm ARSENAL Assault Rifles AR-M527F w/ left-side folding stock (12.5" barrel)

7.62x39 mm AR-M527F
NSN: 1005-50-001-4214

The 7.62x39 mm **AR-M527F** models are highly effective, milled receiver, select fire weapons with a left side folding stock and an AR-M5 rail system. The rail system allows attachment of optics to increase target identification from distance and still allows for the stock to be folded without detaching the optic mount. The barrel length is shortened to 12.5" overall makes these rifles perfect for urban areas where you need the mix of both a shorter barrel length, but still have the capability to reach out a considerable distance. This is achieved by combining the front sight with the full-length gas block and adding the 4-port flash hider (AKA eggbeater), the extremely effective and standard flash hider used by the Bulgarian military.

Main Features:

- Milled receiver, made from hot die forged solid blank followed by milling operations.
- Chrome lined, cold hammer forged barrel providing an extremely durable and long lasting barrel that also allows for use of corrosive and surplus ammunition if needed
- Circle 10 magazines – the best, strongest, and most reliable AK magazine available
- Lower hand guard, equipped with Rails MIL-STD 1913 (Picatinny) on three sides (at the 3, 6 and 9 o'clock positions).
- Lower hand guard, Upper hand guard, Pistol Grip and Butt, made from glass fiber reinforced polycapromide.
- The stock is left-side folding polymer with trap door for cleaning kit.
- AR-M5F rail system is secured to the receiver allowing for the most stable platform available to attach optics
- Additional left fire mode Selector Lever, for rapid fire mode changing and for convenience of left-handed shooters.

Extras (Paid Separately):

- Tritium Self-illuminated Night Sight (3-dot sight system);
- 7.62x39 models - black polymer magazines for 10 and 40 cartridges;
- 5.56x45 models – 20 round magazines optional
- Magazine packages (multiple mags per rifle – can be customized);
- Front Sight Elevation tool 1:10;
- set for magazines coupling;
- Muzzle device (compensator, flash hider, muzzle brake);
- blank fire attachment (BFA);
- rail mount for optics (model specific SM-13/SM-22);
- Railed handguards for accessory attachments (forward grip, flashlights, QD sling, etc.);
- QD Package – allows use of QD ports and attachments for modern QD slings;
- Repair Kit packages available

The Assault Rifle design allows the attachment of 40x46 mm UBGL-M6, UBGL-M8 and 40 mm UBGL-1 ARSENAL Underbarrel Grenade Launchers and firing with them.

7.62x39 mm ARSENAL Assault Rifles AR-M527F w/ left-side folding stock

SPECIFICATIONS	AR-F
Calibre, mm	7.62
Cartridge, mm	7.62 x 39
Fire mode	single and automatic
Rate of fire, rounds/min	600
Practical rate, rounds/min	
- automatic fire	up to 100
- single fire	up to 40
Muzzle velocity, m/s	650
Sighting range, m	up to 500
Maximum firing range, m	1100
Effective firing range, m	350
Magazine capacity, rounds	30
Barrel length, mm/in	320 mm / 12.6 in
Sight radius, mm/in	278 mm / 10.9 in
Overall length, mm/in	
- with stock unfolded	885 mm / 34.8 in
- with stock folded	630 mm / 24.8 in
travelling position	
Weight, kg/lbs.:	
- rifle without magazine	3.9 kg / 8.59 lbs.
- loaded magazine	0.72 kg / 1.58 lbs.
System life, rounds	15 000
Principle of function	gas operated

ACCESSORIES	
Cleaning rod and Cleaning rod extension	Oil can
Box with accessories (brush, drift, slush brush (cal. 5.56)/ scourer (cal. 7.62), screwdriver)	Magazines 4 pcs. 5.56x45 mm 7.62x39 mm
