

7.62x54 mm ARSENAL Tank Machine Gun

MG-T

7.62x54 mm
NSN: 1005-50-000-0288

The 7.62x54 mm ARSENAL Machine Gun **MG-T** (tank) is a modern version of the PKM, a powerful automatic weapon used against enemy troops, vehicles, and reinforced structures. This version is designed to mount on tanks and armored vehicles and fired with remote/cabled trigger along with the use of optical devices.

Main Features:

- Chrome lined, cold hammer forged barrel providing an extremely durable and long-lasting barrel that also allows for use of corrosive and surplus ammunition if needed
- An electrical triggering mechanism is provided enabling the use of optical sighting devices by the gunner;
- Feeding by 250-round metal belt, put in a box.

Extras (Paid Separately):

- blank firing attachment - set (bushing & frame);
- rail for sighting devices;
- Additional metal belts (250 rd.);
- Additional spare barrel (each unit comes with (1) spare barrel to start);
- Repair kit and Armor kit packages available

7.62x54 mm ARSENAL Tank Machine Guns MG-T
