

40 mm ARSENAL Underbarrel Grenade Launcher UBGL

40 mm UBGL
NSN: 1010-50-000-0295

The 40 mm ARSENAL Underbarrel Grenade Launchers **UBGL** is a single shot launcher, intended for use with assault rifles, for destruction of single or group targets of enemy's manpower in an open area, in trenches and light shelters of field type, as well as reverse slopes. It is also good against light or unarmored vehicles, breaching secured doors, signaling or marking target areas with smoke, and destroying enemies positioned in defilade.

Main Features:

- add-on launcher;
- flat or curved trajectory fire;
- muzzle loading;
- ammunition – rounds of case-less type.
- Easily attaches to assault rifles to increase mobile firepower
- Mounts forward of the lower handguard on AK rifles.
- Includes sighting mechanism
